

U. S. THIRST COST
\$1,451,633,379

Statistics Show the 80,372,000 Inhabitants Spend on an Average \$18.15 a Year for Beverages that Stimulate Them.

MORE FOR ALCOHOL THAN SOFT DRINKS.

Coffee, Tea and Cocoa Cost Nation \$200,000,000, While Alcoholic Drinks to Amount of \$1,242,943,118 Were Bought in a Year.

According to the American Grocer in a recent issue there was spent by the 80,372,000 inhabitants of the United States during the year ending June 1, 1903, \$1,451,633,379 for stimulating drinks. The writer is of the opinion that this vast amount, which shows a large increase over previous years, is due to the prosperity of the country. He shows that five years previous the cost of such drinks was \$1,220,903,358.

The records show that every person in the United States spent during the year \$18.15 for beverages, either alcoholic or non-alcoholic, and that the amount spent for alcoholic drinks exceeds that for coffee, tea and cocoa. Continuing, he says:

"The consumption has largely increased in the milder sorts, such as coffee and beer, with coffee in the lead, and while alcoholic drinks to the value of \$1,242,943,118 have been taken, the non-alcoholic stimulants—coffee, tea and cocoa—amount to \$200,000,000 more.

"Coffee is in the lead, \$156,680,251 being the amount spent for it. For tea \$45,900,000 was spent, and for cocoa \$7,000,000. In gallons, coffee outstripped all the others, according to the following table:

Coffee 1,566,902,251 lbs.
Tea 459,000,000
Cocoa 7,000,000
Spirits and wines 137,139,828
One-tenth of a gallon per capita, increase in the use of spirits is the largest recorded from one year to another since

DISTINGUISHED CLERGYMEN
And Prominent Temperance Workers Use and Endorse Duffy's Pure Malt Whiskey.

Rev. A. McLeod, D. D., the great Preacher, Was Cured of Dyspepsia and Nervous Prostration of Forty Years' Standing by the Wonderful Medicine Whose Virtues He Extols, and to the Curative Qualities of Which He Owes His Renewed Vigor and Perfect Health.

ENDORSE
Honored and Respected Among Men, After More than 50 Years of Constant Service in the Presbyterian Church, Dr. McLeod Makes the Following Frank and Outspoken Statement of What Duffy's Pure Malt Whiskey Has Done for Him—

"I am now in my 73d year and have served God fearfully and to the best of my ability in my chosen calling. For more than forty years I have been afflicted with dyspepsia and nervous prostration. At times I would get so run down constitutionally through overwork as to be disqualified entirely from discharging my ministerial duties. The older I grew the more disease seemed to prey upon me. The most noted physicians failed to prescribe any medicines that benefited me. I could neither eat nor sleep, and for more than two years I had to take sleeping powders every night.

My nervous prostration became well-nigh unbearable. But for the grace of God helping me I would not be in the land of the living. Language fails to express the agony of my mind. Something over a month ago I began taking your preparation.

In the brief period of two days I found that it began to help me. It gave me strength, aided my digestion, settled my nerves, and I have gained ten pounds since taking it. I think God there is such a medicine to be had, and recommend a people with weak, broken-down constitutions, and nervous people especially, to use it. I feel that it will help them. I will be glad to answer any communications in regard to the healing virtue of your preparation. I am a temperance man, and I do not think my position in this matter will be misunderstood."
